SUTHERLAND PACKAGING ADDS YOUNG SHIN GIANT 170S DIECUTTER WITH EZ FEEDER AT NJ HEADQUARTERS

Schaumburg, IL (November 28, 2018) - Phillip Mack, Vice President of Young Shin USA Limited, a wholly-owned subsidiary of South Korean-based Young Shin Industries, is pleased to announce that Sutherland Packaging has selected the Young Shin Giant 170S flatbed diecutter with EZ Feeder to accommodate its growing production requirements at its Andover, New Jersey headquarters.

Sutherland Packaging is a leader in corrugated point-of-purchase (POP) displays and packaging for retail locations and club stores offering highly-precise, high-impact direct print technology for both large and small-scale corrugated units. Working with some of the most recognized brand names in the consumer products industry, Sutherland delivers more than 50 years of manufacturing innovation and design expertise.

Sutherland Packaging selected the Giant 170S flatbed diecutter to maximize production and save valuable employee time utilizing the unit's integrated EZ Feeder. Tom Sutherland, President, remarks, "We continue to choose our capital investments wisely to remain true to our corporate objective of delivering the highest quality product that achieves the goals of our clients. With the addition of the Young Shin Giant 170S, our die cutting equipment remains among the best in the industry, offering clean cuts, in-line blanking and automatic stripping for cost savings and high-speed results."

The highly-featured Young Shin Giant 170S diecutter can accommodate E, B, A, AB Flute corrugated board from 0.05" to ~0.43" at speeds of up to 3,000 sheets per hour. The unit offers precise center line technology with easy and rapid set-up of the die board using the Giant's center block. Thin sheets feed smoothly and effortlessly with the unit's EZ Feeder that automates the feeding and conveying systems. The innovative air floating device provides easy withdrawal of the cutting plate for optimum operator efficiency.

The Giant 170S offers a wide range of sizes from 33.46" x 25.59" to 66.92" x 47.24" to suit the needs of a variety of production requirements.

Adding to the benefits that can be realized utilizing Young Shin diecutters, Vice President Mack states, "We are honored to be an integral part of the continued growth and expansion of Sutherland Packaging's expanding business and service to its clients. The installation of the Giant 170S with EZ Feeder represents Young Shin's commitment to provide automated solutions that deliver reliable and flexible operations with large format capabilities accommodating oversized output."
